## **Record of Attendance**

A record of attendance is an essential part of the student's portfolio. It is the responsibility of the **on-site** Placement Supervisor/Practice Educator to monitor attendance throughout the placement. It is the responsibility of the Practice Educator to confirm, by signing the sheet, that the student has completed the mandatory number of placement days (70 at first placement, 100 at final placement). Once completed the student should upload a signed PDF copy into the relevant section of the portfolio on Mahara.

The form should clearly record the hours worked and, in certain circumstances, the nature of the work undertaken in the relevant column. This should either be TOIL for time of in lieu or S (refer to guidance Placement Learning Agreement). When the student is absent for whatever reason the letter A should be placed in the 'total hours' column. Where there is a bank holiday use the letter B/H.

Level 6 final year students also have a break in the placement, this should be recorded by the letter B. When the student is required to attend a University based workshop, the letter R should be placed in the 'total hours' column. An exemplar, noting that this is not meant to reflect the type or year of the placement, for completion of the form is provided below.

The exact number of weeks will vary depending on the level of placement and whether there has been a need to extend the placement for any reason.

In signing below you are confirming that this record is a true accurate account of your attendance. Any deliberate discrepancy which subsequently comes to light will be considered an act of dishonesty by the student, which has the potential to invoke fitness to practice procedures being followed
